ISU ISTINYE UNIVERSITY ISTANBUL

Letter of Recommendation for Mr. Oğuz Kurtoğlu

December 20, 2023

To whom it may concern:

I am writing this letter of recommendation, in support of the application of Mr. **Oğuz Kurtoğlu**. I have known him since 2021 when he was a student in Software Engineering program at Bahçeşehir University. He is a hardworking young man, for pursuing graduate studies in your university.

He has received the following courses from me; SEN2022 Software Engineering Analysis and Design (A-). He was very productive in this study. He has prepared a report on the group project in my course. He also gave a very successful presentation for that report. His communication skills are very strong, and his English proficiency is high to follow an undergraduate and a graduate study.

He is a very diligent, problem solver, self-disciplined person in his academic life. He is also very open-minded. He is very successful in personal and group studies. He and his friend as a team developed a software application to be used in generating program outputs transcript for the students of Faculty of Engineering and Natural Sciences. They were very successful and effective during this volunteer work. If your program seeks intelligent candidates with strong achievement orientation and hardworking, he is a good choice.

Overall, I am certain that he will probably be an asset to your university. I recommend Mr. **Oğuz Kurtoğlu** for your program. It is my hope that you will accept his admission to your university. Feel free to contact me if you require further information. Please also note that I moved to İstinye University from Bahçeşehir University as of September 1, 2022.

Sincerely,

Prof. Dr. M. Alper TUNGA
Dean
Faculty of Engineering and Natural Sciences
